## Silver Sponsor

Includes: Your company name at a tee-box. Unlimited Sponsors. Sponsorships: \$500 each, commitment due by 17 Sep. 2010.

## Purpose

The San Antonio Post (a tax-exempt, non-profit entity) is sponsoring its annual golf tournament to benefit the Post's Education & Mentoring program. This program supports K-12 and college engineering, architecture and construction related activities and programs such as SAME Engineering & Construction Camps, robotic competitions, MATHCOUNTS, college engineering-related competitions, student job fairs and scholarships as well as continuing education and professional development activities for its young members, other members and leaders.

The majority of the proceeds this year, as in previous years, will go to the scholarship program. Our goal is to increase our support of all K-12, college outreach, continuing education and professional development activities and enhance the Post's service to the local community and value to its members. This year's tournament will be held at one of San Antonio's premier golf courses, the Republic Golf Club.

## Education & Mentoring Program

In 1982, the Post started its scholarship program by awarding two \$900 annual scholarships. During the 1990s, the Post increased both the number and the amount of the scholarships. In 2000, the Post established a \$40,000 endowment with UTSA to provide an annual scholarship to a student studying engineering, architecture, or related scientific field in addition to the individual scholarships. Since 1982, the San Antonio Post has awarded almost \$350,000 in scholarships.

The Post's support of education & mentoring programs such as SAME Summer Camps, college scholarships, member professional development and other like activities depend directly on the dollars raised from our major annual events like this golf tournament.

## How to Participate

Because this is a fund-raising event, SAME is seeking sponsors. Sponsors may be corporations or individuals. Several levels of sponsorship are available, ranging from a tournament sponsor to an individual sponsor. SAME is also seeking donations to use as door prizes. The tournament itself is open to anyone who would like to play (limited to 144 golfers). Individual entry fee for the tournament remains just \$75. Get your registration or sponsorship in early!

## SAME

Founded in 1920, SAME is a worldwide organization that brings together both public and private sector professionals. The Society's mission is to promote and facilitate engineering support for national security by developing and enhancing relationships and competencies among uniformed services, public and private sector engineers, and related professionals. SAME includes over 21,000 individual members and private sector companies and public agency representatives across the nation and the world, allowing professionals everywhere to take advantage of membership.

For more information about the Society and membership, go to:
